

Accessibility Statement

At MedFit Health, we are committed to making our online store accessible to all individuals, regardless of ability or technology. We believe everyone should be able to easily browse, shop, and learn about our health and wellness products in a way that works for them. We strive to meet or exceed the requirements of the Web Content Accessibility Guidelines (WCAG) 2.1, Level AA.

These guidelines help ensure that digital content is perceivable, operable, understandable, and robust for all users—including those who use screen readers, voice recognition software, keyboard navigation, or other assistive technologies. As part of our ongoing efforts, we regularly review our website and implement improvements to enhance accessibility and usability. This includes using alt text for images, maintaining clear navigation, ensuring color contrast, and structuring content with accessibility in mind.

We recognize that accessibility is an ongoing journey, and we are always looking for ways to do better. If you experience any difficulty accessing any part of our site, or if you have feedback or suggestions for improvement, please contact us. We take your concerns seriously and will work to address them promptly.
